Ref. Letter of Intent to Exercise Relief Granted Under Exemption No. 18973 (Docket No. FAA-2021-1028) for an Exemption to Conduct Part 135 Helicopter Operations with Inoperative Radar (Radio) Altimeters due to 5G Interference During night Vision Goggle Operations.

In accordance with Regulatory Docket No. FAA-2021-1028, Mercy Flight Inc. (M7FA359Y) is applying for Exemption No. 18973 to be added to OpSpec A005. This exemption would be applicable to Mercy Flight's Part 135 Air Carrier Certificate. Mercy Flight intends to exercise relief granted by this exemption and we affirm to only conduct operations in a manner consistent with all conditions and limitations pursuant to this exemption.

Mercy Flight will provide a plan to its assigned principal operations inspector in accordance with OpSpec A005 to demonstrate applicable training regarding this exemption and its applicability and use.

This exemption terminates on January 31, 2024 unless sooner superseded or rescinded. Any questions or further comments regarding this matter can be directed to me at 716-626-4100 or mboies@mercyflight.org.

Sincerely,

Marc Boies
Director of Operations
